mengajar guru tidak hanya dituntut agar mampu menyampaikan materi pelajaran dan menguasai bahan pelajaran, tetapi harus dapat mengaktifkan siswa dalam proses belajar mengajar. Guru hendaknya selalu berusaha memberikan bimbingan dan selalu mendorong semangat belajar anak didik, mengorganisasikan kegiatan belajar sebaik mungkin dan menjadi media informasi yang sangat dibutuhkan siswa dibidang pengetahuan, keterampilan dan prilaku atau sikap.

Pembelajaran adalah suatu proses yang rumit karena tidak sekedar menyerap informasi dari guru tetapi melibatkan berbagai kegiatan dan tindakan yang harus dilakukan untuk mendapatkan hasil belajar yang lebih baik. Salah satu kegiatan pembelajaran yang menekankan berbagai kegiatan dan tindakan yaitu menggunakan metode tertentu dalam pembelajaran. Metode dalam pembelajaran merupakan cara yang teratur untuk mencapai tujuan pengajaran dan untuk memperoleh kemampuan dalam mengembangkan aktivitas belajar yang dilakukan pendidik dan peserta didik.

Permasalahan seperti diatas terjadi pula di MTs Negeri Sukoharjo. Berdasarkan pandangan guru Fiqih, kondisi kelas VIII D saat kegiatan belajar mengajar masih sering pasif. Sangat sulit untuk terjadinya interaksi aktif baik antara siswa dengan siswa maupun antara siswa dengan guru. Hasil belajar pun tergolong rendah. Informasi tersebut kemudian ditindaklanjuti oleh peneliti dengan melaksanakan observasi. Observasi dilakukan di kelas VIII D yang berjumlah 30 siswa.

Although he is among those released, the professor is still a source of attention and has aroused anger from the other teachers. A photo taken on December 23, 2016 shows police officers attending to their posts and check a document they have seized from their vehicle at a street in Jakarta, Indonesia, December 23, 2016. Picture taken December 23, 2016. REUTERS/Beawiharta TPX IMAGES OF THE DAY Some of the teachers are upset that the Muslim cleric who was formerly head of a hardline Islamic boarding school where he allegedly coerced boys to marry, a crime in Indonesia, has been released, but is back at work in the same school. It was not immediately clear if he had been arrested, detained or had been released on police bail. None of the teachers, whose names were not revealed, wished to be identified, fearing reprisals from the

school where they work. “We are upset because the society has failed, not just the teachers. We do not deserve to work here,” a teacher said. The photos of the teachers appeared to have been taken during routine police checks of car windscreens, according to a report in The Jakarta Post. Jakarta’s police chief, Tito Karnavian, was quoted as saying that the photo scandal was a result of incompetence, adding that officers had no idea of the school’s location or status. “We know we are incompetent but we can’t be complacent,” he said. Ganpat Nityananda, the head of the department for special education for children with disabilities at the ministry, said he had not yet heard the details of the case. “We’re still trying to verify who is where. The case is still under investigation,” he told the Post. Lawyer Eddy Kholza told Reuters he expected to be present when the court makes a decision on whether to release the cleric. “It is not a complex case, the judge will need to rule on whether the cleric was competent enough to make the decision or not,” he said. Following the arrests in 2016, the school was forced to shut down after police said
